GOOD HEART HEALTH

BEGINS WITH THE RIGHT NUTRIENTS.

The Herbalife Heart Health line, *endorsed by Dr. Lou Ignarro*, is the capstone to maintaining cardiovascular wellness.

Support healthy circulation:

Garlic has been shown to support healthy circulation.*

Maintain healthy cholesterol levels:

Evidence from epidemiological and clinical trials suggests that omega-3 polyunsaturated fatty acids may have a significant role in maintaining healthy cholesterol levels already within normal range.*

Support cardiovascular health:

Omega-3 fatty acids from krill oil have been shown to support cardiovascular health.*

Support vascular health:

Research suggests that L-arginine and L-citrulline, found in Niteworks®, help produce Nitric Oxide, which can support cardiovascular health and help arteries stay flexible and youthful.*

"Before Herbalife, I was unhappy and used food as comfort. My mother began attending a Nutrition Club, but I was too closed-minded, until I finally went. The first couple of weeks I used **Mango Herbal Aloe, Herbal Tea Concentrate, and Formula 1 Healthy Meal Nutritional Shake Mix** with **Personalized Protein Powder**. I began eating smaller meals and exercising. I incorporated more whole foods as well as organic foods. Physically I feel absolutely incredible. I love being able to purchase the clothes I like and not only the ones that fit me. Mentally I have grown and feel much more confident. I have learned to truly love myself and those around me."*

"I owned a drywall company, worked very long hours and had no time for another business, but I tried **Herbal Tea Concentrate** and **N-R-G** and I loved the energy. I met (my wife) Lisa at my first Herbalife Extravaganza. She used Herbalife® products to support her active lifestyle. We moved from Philadelphia to San Diego and stuck with the products that support our healthy, active lifestyles and they give us the energy to pursue them. I just turned 50 and have never felt this much energy. It comes in handy with our three beautiful daughters. One is eight and our toddler twins just turned two!"* *-Jim M.*

*People who use Herbalife® Formula 1 twice a day as part of a healthy lifestyle can generally expect to lose around half a pound to 1 pound per week.

"I tried for years to lose my baby weight. I had low energy and my stress level was high. I started with the **Advanced Weight Management program** and **Digestive Health** products. Once I supported my digestion, it was amazing how I felt better. I overcame my personal roadblocks by never quitting! I eat healthier and have an active lifestyle. One of my favorite products now is **Prolessa® Duo**.† I am a 59-year-old Mimi (grandmother) and I have more energy and vitality than I did in my 30s. I love helping others and I feel very blessed and grateful for everything I've been able to achieve."*

"I began using Herbalife® products when I started to get involved in sports. At that time, I weighed 120 pounds. I started using the **Core Products (Formulas 1, 2 and 3)** and **Herbalife24**, along with a healthy, active lifestyle. I gained weight and lost body fat at the same time. Now I weigh 145 pounds. I stay consistent with the Herbalife® products and a daily gym regimen. Lifting weights is a passion for me now. It allows me to push through barriers and conquer new goals every single day. For those starting off, my advice would be to never let obstacles detain you." -Edward V.

*People who use Herbalife® Formula 1 twice a day as part of a healthy lifestyle can generally expect to lose around half a pound to 1 pound per week.

†Studies of the active ingredients in Prolessa® Duo powder suggest that consumers may experience a diminished appetite or loss in hip circumference an average of 0.4 inches when consuming Prolessa® Duo powder as directed for a period of eight weeks. Weight-loss claims above result from regular consumption of Herbalife® meal replacement products and the Prolessa® Duo powder, together with healthful eating habits and exercise.

NUTRITION FOR THE
24-HOUR ATHLETE

GAIN A COMPETITIVE ADVANTAGE

Reach your performance goals with the ultimate in sports nutrition.

At Herbalife, we understand that being an athlete is a lifestyle – one that requires dynamic nutrition for your day-to-day needs. Herbalife24 is a performance nutrition line that can be customized based on your specific training schedule. Take training, performance and recovery to the next level with nutrition for the 24-Hour Athlete.

You can customize products based on your specific sport, training, recovery and competitive needs.

"Eat with a purpose," says John Heiss, Ph.D., senior director of sports and fitness, and lead developer of Herbalife24, a comprehensive sports nutrition line for athletes. "Don't eat to satisfy hunger, but eat to nourish yourself. Simple things like eating a variety of quality proteins throughout the day, and taking a daily dose of my favorite supplements like Herbalifeline® for omega-3s and Herbalife24® Restore for antioxidant vitamins." So next time you have to make a nutrition decision, ask yourself, "Why am I eating this?"*
